### **DETAILED ACTION**

This office action is in response to the amendment and new declaration filed on 12/04/2007.

1. The reissue oath/declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414. Applicant needs to check the appropriate box regarding the specific statement of error being described (i.e., defective specification..., patentee claiming more or less..., other errors). Also, notice that the declaration only refers to certain amendments and does not include the 12/04/2007 amendment to the specification.

2. The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

3. Claims 1-7, 9-29, 71, 75-95, 97, 99-102, 104-106 and 108-120 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
